Thanks Diane!

FYI – The DEP technical team is finishing up review of Section 5, 8 & 9 of the Draft RI report; our goal is to get resulting comments to you by the end of this week.

(we realize the CSTAG meeting is the main focus for this week, but trying to keep document review moving forward.)

Also, we've asked LimnoTech to review revised draft RI Sections 6, 7 and 10 – and this review is just beginning.

Best, Anne

Diane, I do not have a copy of EPA's final decision letter to CPG regarding the 15 cm RI data of sediment and model concentrations simulation results for this interval. Attached is a copy of EPA's 2016 Staff Statement document regarding the subject. Please provide a copy of EPA's final decision letter to the DEP. Thanks Jay

Jay – As part of my review of the 2<sup>nd</sup> Draft RI report for the subject project, I'm looking for the final EPA letter to CPG regarding outcome of the BAZ dispute resolution that was decided by Walter Mugdan (I believe sometime in June –

August of 2016) I have an EPA June 2016 Staff Statement document but not a formal letter from EPA to CPG on the matter after that document. When you have a chance, can you look in our S-Drive or ask EPA for a copy of this letter? – thanks, Anne
